Get Ready to TAKE FLIGHT!

100% Fiber Internet is Coming!

Considerate Fiber Construction Notice

Dear Neighbor,

Flight Fiber is coming to your neighborhood. Our technicians will be working in your area in the next few weeks so residents and businesses will have access to a robust fiber Internet connection!

We will be working within the established Utility Rights-of-Way and when doing so are required to have our utility partners mark in advance where their underground cables are located. This is done by painting symbols on the ground above where the cables are buried. This is temporary paint used by all utilities for marking of underground facilities. Please know we will make every effort to minimize any disruptions and to restore Utility Right-of-Way to pre-construction conditions.
